

## REMARKS

A Notice of Allowance was mailed in the present case on February 11, 2005, making the Issue Fee due on or before May 11, 2005. Subsequently, a Notice of Drawing Inconsistency With Specification was mailed by the Office of Patent Publication/Publishing Division on March 30, 2005. The Notice pointed out an inconsistency between the drawing description contained on page 7 of Applicant's Specification and the formal drawings which were filed in the case on June 24, 2004 and August 26, 2002, respectively.

In reviewing the Specification, it appears that the text is incorrect on page 7 thereof. Accordingly, Applicant is submitting this amendment to make the text of the Specification consistent with the drawings actually on file. No new matter is being entered.

No additional fee is thought to be due at this time. If any additional fee is due for the continued prosecution of this application, please charge the same to Applicant's Deposit Account No. 50-2555 (Whitaker, Chalk, Swindle & Sawyer, LLP).

Respectfully submitted,

Date: April 5, 2005
